TPMS Sensor Programming Accessory Device
FAST - EASY - ACCURATE

Programs The Market Leading and Revolutionary EZ-sensor™

- No Internet Needed To Operate
- Vehicle Identification Number Not Required
- Uses Make-Model-Year Lookup For Fast And Accurate Programming
- Reads & Checks Existing OE Sensors

EZ-sensor™
Innovation by Schrader®

TPMS PAD

REPLACE SENSORS QUICKLY AND ACCURATELY

Install the software
Connect the PAD
Start making sensors

Use the TPMS PAD to program EZ-sensors.™
Programs both p/n 33000 (315 MHz) and
33100 (433 MHz).

TPMS PAD Kit Includes:

• PAD
• USB Cable
• Quick Start Guide
• Software/User Guide DVD

Part Number: WRTPAD1
Description: TPMS PAD

PAD Starter Kit Includes:

• PAD
• USB Cable
• Quick Start Guide
• Software/User Guide DVD
• (4) 315 MHz EZ-sensors™
• (2) 433 MHz EZ-sensors™

Part Number:
WRTPAD2

Features:	Benefits:
• Make, Model, Year searches	• Accurate sensor replacement
• Latest vehicle coverage 2012	• Can repair greater number of vehicles
• Easy to install software	• Set up is simple and fast
• Self-contained operation	• Internet is NOT required to operate
• Direct Sensor Reading	• Copy ID from mechanically broken sensors
• Standard Connectivity (USB)	• Low-cost cable replacement if lost
• Runs on PC connection	• No battery required

PAD Specifications:

Dimensions: 4.13 x 4.13 x 1.00
Case Material: Xenoy composite
Tool Weight: 3 ounces
Interface: USB

Assembled from
globally sourced components
